Nashville, TN 37205

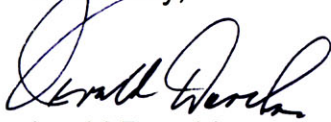

Gentlemen:

We wish to commend you for the professionalism of the recent screening of our employees on November 3rd and 4th. As you know, we offered this to any of our employees who wished to take advantage of this screening as a company benefit.

Over this two day period, we had 113 people participate. We appreciated the quickness of the testing, as well as the courteous treatment of our people.

We would definitely recommend your company in performing this screening.

Yours truly,

Jerald Doochin
