TO WHOM IT MAY CONCERN:

The City of Miramar provided over 130 AngioScreens for our employees last December. Lisa and the staff at HCA were very professional and efficient. They did everything for us including scheduling the employees. All we had to do was provide the space and advertise the event to our employees. The aggregate results were returned to us quickly and gave us plenty of insight that we've incorporated into our wellness planning. We received rave reviews from the employees who received and those who missed out have been asking us to host another event. I would highly recommend AngioScreens to any employer looking to provide meaningful benefits to their staff.

Sincerely,

Natalie Hines, CEBS, SPHR
