March 25, 2011

I want to thank the highly skilled professional AngioScreen® team from Westside Regional Medical Center (a facility of the HCA East Florida Division) for bringing this unique preventative early detection vascular screening to the City of Cooper City. Employees staying healthy is important and the information we received regarding blood pressure pulse, heart rhythm, leg circulation and actually being able to see the lining of the arteries leading to the brain was a unique experience. The employees appreciated the hospital bringing this service to City Hall. I would highly recommend AngioScreen® for as a workplace wellness program.

Debby Eisinger

Mayor of Cooper City
